Yes ___ or No ___ I wish my child to be able to attend Catholic Church on Saturday afternoons, and will pay \$10 per week for transportation (see information booklet)

Often we find that it is better to let each camper come “fresh” to camp - with no preconceived ideas or concerns on our part. However, you as a parent would know if there is something we should know to make the summer a better one for your daughter, and we would certainly appreciate your comments. Are there any special physical or social traits we should be aware of, or that would help a counselor be more understanding and helpful?
