

March 16, 2009

Dear Wohelo Parents,

Although there is still lots of snow on the ground, we are deep into summer planning. We hope you and your daughters are getting as excited as we are.

This Parent Folder contains most of the information you will need for the summer, including several forms that need to be returned to us before camp starts. *Wohelo Parent Newsletters* will keep you updated every month this spring. You should have already received bills for the tuition balance, and they may be paid at any time before June 1<sup>st</sup>.

We are using a new and, we feel, improved medical form. The green part of the medical form is to be filled out by the parent and the pink sheet of information is to be completed by your child's doctor. Every camper will need to have a completed 2009 medical form on file.

The Wohelo website offers the most current information. Now is a good time to bookmark the "Summer 2009" page. From this page you can access PDF files for our mailings, forms and current information. During the summer we will also post pictures on this page.

Please call or e-mail if you have any questions. We're looking forward to another great summer.

Sincerely,

The Van Winkles
